

CHANGE IN FILE STATUS
APPROVAL FORM

DATE May 7, 1987

CURRENT FILE NO. DOE/019/023, EXP/019/036

RECOMMENDED FILE NO. M/019/017

COMPANY AND MINE NAME Vern Norde & Crater Exploration, DeOro
Property

REASON FOR CHANGE IN FILE STATUS

Vern Norde filed a DOE for the DeOro property in the fall of 1982. In early 1983, Crater Exploration filed a Notice of Intention to Commence Mining (M/019/017) and soon thereafter an Exploration Notice (EXP/019/036) for the same property. The property was mined on a limited scale and then reclaimed. It is recommended that the DOE and exploration files be combined with the mine permit in the interests of clarity and completeness. There is nothing in the exploration file that could be considered confidential.
